

For the Crisfield-Somerset County Times/GCAC

## Incentive piece

This image titled "Rainbow Place" shows what a revitalized uptown Crisfield could look like with streetscape improvements and new businesses instead of empty or underutilized storefronts. It was this vision for West Main Street that excited and encouraged Darlene Taylor to work with members of the Greater Crisfield Action Coalition to improve Crisfield. It was intended to accompany her letter published last week but was not included due to space. This image was prepared in 2007 by Shelley Hitchings of Crisfield, a website designer now heading Somers Cove Canvas.
