Our Mission

## Q1 Restaurants & Bars

One of our goals is to increase the number of full services, sit down restaurants and bars in the City of Crisfield, as well as enhancing their overall quality. Good restaurants and bars create a unique atmosphere that is pivotal to the identity of any thriving community, especially one which seeks to attract new restaurant owners and dining experiences. Likewise, your response will further aid existing restaurants, as your expressed feedback can help them broaden their appeal and adapt to the popular needs of the town.

Culinary Diversity is important to any thriving restaurant/bar scene. Having restaurants who specialize in niche cuisines is an immensely appealing factor. Please select the types of cuisines and/or shops you wished were available, check all that apply:\*
